Mr. R. L. Faris,

Acting Superintendent, Department of Commerce,

Washington, D.C.

Dear Mr. Faris:

Will you allow me to thank you for your kindness in sending me for the University of Toronto the publication setting forth the principles of the Lambert Conformal Conic Projection and also the map ? We appreciate very much this courtesy and I will at once have it placed at the service of a Department of the University where I am sure it will be of great use.

Yours sincerely,

President.

Mr. Carter H. Fitzhugh,

Lake Forest, Illinois.

Dear Sir:

In the absence of President Falconer I am sending your letter on to the Secretary of the Faculty of Applied Science and Engineering, as any sextants that may be in the University of Toronto are in the possession of this Faculty. You will receive direct word from them.

Yours very truly,

President's Secretary.

France.

31st March 1918.

Dear Sir Robert -

May I thank you, and through you Principal Hutton and my University and College for the very kind letter of congratulation on my mention which I received a fortnight ago. Other duties have prevented me from replying sooner.

I travelled the other day for several hours with a friend of mine Lt.-Col. C.H. Mitchell. He is very well and full of his old time energy. As I know you know him very well I thought you would be glad to receive recent news concerning him. He had earned an enviable reputation over here and our University may be very proud of him.

Yours faithfully

Sir Robert Falconer K.C.M.G. Archibald Jones.

Toronto.

W. P. Fraser, Esq.,

Secretary, York Club,

Toronto.

Dear Mr. Fraser:

Many thanks for your letter informing me that Professor Currelly has been elected a supernumerary member of the Club. I appreciate your kindness in this matter as I know he himself will.

With kind regards, I am,

Yours sincerely,

President.
